# Disclosure of Expenses

## UNIT HOLDER EXPENSES

Universal VIA Asset Allocation Portfolios (each individually, a “Subaccount” and collectively, the “Subaccounts”) is a separate account established by Universal Life Insurance Company (“ULICO”), and is used as an investment vehicle under certain tax-deferred annuity contracts issued by ULICO. Each Subaccount invests in underlying investments in mutual funds based on specific asset allocation objectives. Subaccount contract holders bear the costs of operating the Subaccount (such as the advisory fee).

The following examples are intended to help you understand your ongoing costs (in dollars and cents) of investing in the Subaccounts and to compare these costs with the ongoing costs of investing in other funds.

The examples are based on an investment of \$1,000 invested at January, 1 2022, and held for the entire six-month period until June 30, 2022.

## ACTUAL EXPENSES

The information in the table below provides information about actual account values and actual expenses. You may use the information in these columns, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = \$8.60), then multiply the result by the number in the appropriate column for your share class titled “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

## HYPOTHETICAL EXAMPLE FOR COMPARISON PURPOSES

The information in the table below provides information about hypothetical account values and hypothetical expenses based on the Subaccounts’ actual expense ratios and assumed rates of return of 5% per year before expenses, which are not the Subaccounts’ actual returns. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Subaccount versus other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Subaccount	Beginning Account Value January 1, 2022	Actual Expense		Hypothetical Expenses [A]		Net Annualized Expense Ratio [C] [D]
		Ending Account Value June 30, 2022	Expenses Paid During Period [B]	Ending Account Value June 30, 2022	Expenses Paid During Period [B]	
Universal VIA Conservative Allocation	\$ 1,000.00	\$ 941.12	\$ 9.29	\$ 1,015.23	\$ 9.64	1.93 %
Universal VIA Moderate Allocation	1,000.00	928.69	9.25	1,015.20	9.66	1.93
Universal VIA Moderate Growth Allocation	1,000.00	900.84	9.37	1,014.94	9.93	1.99
Universal VIA Growth Allocation	1,000.00	886.18	9.73	1,014.48	10.39	2.08
Universal VIA International Mod Growth Alloc	1,000.00	889.36	11.21	1,012.93	11.94	2.39
Universal Money Market	1,000.00	998.31	12.26	1,012.53	12.34	2.47

[A] 5% return per year before expenses.

[B] Expenses are calculated using each Subaccount’s net annualized expense ratios, as disclosed in the table, multiplied by the average account value for the period, multiplied by the number of days in the period (181 days), and divided by the number of days in the year (365 days).

[C] Net annualized expense ratios, as disclosed in the table, do not include the expenses of the underlying investments in which the Subaccounts invest. The total annual expenses, as stated in the fee table of the Subaccounts’ Prospectus, may differ from the expense ratios disclosed in this report.

[D] Net annualized expense ratios are reflective of applicable fee waivers and/or reimbursements and recapture, if any, and based on the most recent six-months which may differ from the net expense ratio displayed in the Financial Highlights that covers a twelve-month period.

## NOTES TO FINANCIAL STATEMENTS

### At June 30, 2022

#### 1. ORGANIZATION

Fortune V Separate Account (the "Separate Account") is a non-diversified separate account of Universal Life Insurance Company ("ULICO"). The Separate Account was established in March 2007 to record and account for assets and liabilities associated with Universal Variable Annuity ("VIA") line of business. Effective May 24, 2021, the Separate Account became registered under the Investment Company Act of 1940, as amended (the "1940 Act"). On December 23, 2021, the Separate Account became effective under the Securities Act of 1933, as amended (the "1933 Act"). Universal VIA sales were not available from the period from May 24, 2021 thru December 23, 2021, when the registration became effective under the 1933 Act. The Separate Account follows investment company accounting and reporting guidance in accordance with Accounting Standards Codification Section 946, Financial Services – Investment Companies. The Separate Account is composed of six different subaccounts (each, a "Subaccount" and collectively, the "Subaccounts") that are separate investment funds and are as follows.

##### **Subaccount**

---

Fortune V Separate Account – Universal VIA Conservative Allocation ("VIA Conservative Alloc")
Fortune V Separate Account – Universal VIA Moderate Allocation ("VIA Moderate Alloc")
Fortune V Separate Account – Universal VIA Moderate Growth Allocation ("VIA Mod Growth Alloc")
Fortune V Separate Account – Universal VIA Growth Allocation ("VIA Growth Alloc")
Fortune V Separate Account – Universal VIA International Moderate Growth Allocation ("VIA Int Mod Growth Alloc")
Fortune V Separate Account - Universal VIA Money Market ("VIA Money Mrkt Alloc")

Each Subaccount invests substantially all of its investable assets among mutual funds. Assets within the Separate Account are legally insulated from ULICO assets. The only shareholders of the Separate Account are contract holders of the Universal VIA annuity product issued by ULICO.

The Fortune V Separate Account maintains Morningstar Investment Management LLC as the Portfolio Construction Manager to serve as asset allocation consultant in connection with the management of the Sub-Accounts with the exception of the Money Market Portfolio. Morningstar Investment Management LLC is a registered investment adviser and wholly owned subsidiary of Morningstar, Inc.

The Statement of Additional Information ("SAI") provides information about the portfolio managers' compensation, other accounts managed by the portfolio managers, and the portfolio managers' ownership of securities in the Variable Account. The SAI, is available without charge upon request by calling **1-787-706-7337** and on the SEC's website at [www.sec.gov](http://www.sec.gov).

#### 2. SIGNIFICANT ACCOUNTING POLICIES

**Use of Estimates:** In preparing the Subaccounts' financial statements in accordance with Generally Accepted Accounting Principles in the United States of America ("GAAP"), estimates or assumptions (which could differ from actual results) may be used that affect reported amounts and disclosures.

**Security transactions:** Security transactions are accounted for on the trade date. Security gains and losses are calculated on the specific identification basis. Net realized gains (losses) are included in the statement of operations.

**Operating expenses:** The Separate Account, accounts separately for the assets, liabilities, and operations of each Subaccount. Each Subaccount indirectly bears the fees and expenses reflected in the underlying mutual funds unit value. These expenses are not reflected in the expenses within the Statements of Operations of the Subaccount and are not included in the Expenses to average net assets, and Net investment income (loss) to average net assets within the Financial Highlights.

**Commitments and contingencies:** In the normal course of business, the Subaccounts enter into contracts that contain a variety of representations that provide general indemnifications. The Subaccounts' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Subaccounts and/or their affiliates that have not yet occurred. However, based on experience, the Subaccounts expect the risk of loss to be remote.

**Dividends:** Dividends payable to the Variable Account are automatically reinvested in shares of the Fund when paid. Dividend income is recognized on the ex-dividend date.

### 3. INVESTMENT VALUATION

All investments in securities are recorded at their estimated fair value. The value of each Subaccount's investment in a corresponding underlying mutual funds is valued at the mutual fund unit value per share at the official close of the New York Stock Exchange ("NYSE") each day the NYSE is open for business.

The Subaccounts utilize various methods to measure the fair value of their investments on a recurring basis. GAAP establishes a hierarchy that prioritizes inputs to valuation methods. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The three levels ("Levels") of inputs of the fair value hierarchy are defined as follows:

Level 1—Unadjusted quoted prices in active markets for identical securities.

Level 2—Inputs, other than quoted prices included in Level 1, which are observable, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates, and similar data.

Level 3—Unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available, which may include the Subaccounts' own assumptions used in determining the fair value of investments.

The inputs used to measure fair value may fall into different Levels of the fair value hierarchy. In such cases, for disclosure purposes, the Level in the fair value hierarchy that is assigned to the fair value measurement of a security is determined based on the lowest Level input that is significant to the fair value measurement in its entirety. Certain investments that are measured at fair value using net asset value ("NAV") per share, or its equivalent, using the "practical expedient". The hierarchy classification of inputs used to value the Subaccounts' investments at June 30, 2022, is disclosed within the Investment Valuation section of each Subaccount's Schedule of Investments.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, but not limited to, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is generally greatest for instruments categorized in Level 3. Due to the inherent uncertainty of valuation, the determination of values may differ significantly from values that would have been realized had a ready market for investments existed, and the differences could be material.

**Fair value measurements:** Each Subaccount invests substantially all of its investable assets among mutual funds. Investment companies are valued at the actively traded NAV and no valuation adjustments are applied. These investment companies are categorized in Level 1 of the fair value hierarchy.

### 4. RISK FACTORS

Investing in the Subaccounts involves certain key risks related to the Subaccounts' trading activity. Please refer to the Subaccounts' prospectus for a more complete discussion of the following risks, as well as other risks of investing in the Subaccounts.

**Market risk and Coronavirus:** The market values of a Subaccount's securities and other assets will fluctuate, sometimes sharply and unpredictably, due to changes in general market conditions, overall economic trends or events, governmental actions or interventions, actions taken by the U.S. Federal Reserve or foreign central banks, political developments, warfare conflicts, investor sentiment, public health emergencies such as a pandemic, and other factors that may or may not be related to the issuer of the security or other asset. The market prices of securities and other assets also may go down due to events or conditions that affect particular sectors, industries or issuers. Adverse market conditions may be prolonged and may not have the same impact on all types of securities or other assets.

Economies and financial markets throughout the world are increasingly interconnected. Economic, financial or political events, trading and tariff arrangements, public health events, terrorism, technology and data interruptions, natural disasters, and other circumstances in one or more countries or regions could be highly disruptive to, and have profound impacts on, global economies or markets. As a result, whether or not a Subaccount invests in securities of issuers located in or with significant exposure to the countries directly affected, the value and liquidity of a Subaccount's investments may go down.

The COVID-19 pandemic has caused substantial market disruption around the world, including the U.S. There have been periods of extreme volatility, and periods where there have been no buyers for certain securities, including U.S. Treasury securities. Some sectors of the economy and individual issuers have experienced particularly large losses. The pandemic has reduced liquidity of particular investments and asset classes; resulted in significant disruptions to business operations, including business closures; strained healthcare systems; disrupted supply chains, consumer demand and employee availability; and restricted travel. These conditions may continue for an extended period of time, or worsen. The pandemic may result in a sustained domestic or global economic downturn or recession. Developing or emerging market countries may be more adversely impacted. The ultimate economic fallout from the pandemic, and the long-term impact on economies, markets, industries and individual issuers, are not known.

The U.S. government and the Federal Reserve, as well as certain foreign governments and central banks, have taken extraordinary actions to support local and global economies and the financial markets in response to the COVID-19 pandemic. These actions have resulted in significant expansion of public debt, including in the U.S. The long-term consequences of this level of public debt are not known. In addition, certain interest rates have been reduced to very low levels. This and other government intervention into the economy and financial markets to address the pandemic may not work as intended, particularly if the efforts are perceived by investors as being unlikely to achieve the desired results.

The COVID-19 pandemic could continue to adversely affect the value and liquidity of a Subaccount's investments, impair a Subaccount's ability to satisfy redemption requests, and negatively impact a Subaccount's performance.

Because Universal Life's business is written in Puerto Rico, Universal Life's insurance risk is not as diversified as the risk of a carrier that covers a broader geographical area. A natural catastrophe could cause damage to a large number of Universal Life's policyholders, which would result in significantly increased losses to Universal Life. Management believes, however, that Universal Life's reinsurance program will reduce to a manageable level its net exposure in any such catastrophe.

## 5. FEES AND OTHER AFFILIATED TRANSACTIONS

The Separate Account has an investment advisory agreement with Universal Financial Services, Inc., ("UFS"). UFS, a Puerto Rico corporation, is a wholly-owned subsidiary of Universal Group, Inc. ("UNIGR") and an affiliate of ULICO. Pursuant the investment advisory agreement, UFS charges a fee to the Subaccounts of 0.35% of the value of the assets of the Subaccounts. The advisory expenses included in the accompanying statements of operations consist of fees charged by UFS to the Separate Account during the six month period ended June 30, 2022. Advisory fees due to UFS as of December 31, 2021 amounted to \$807,516, included as accrued expenses in the accompanying statements of assets and liabilities.

Certain officers of the Separate Account are also officers, or employees of UNIGR or its affiliates. None of the Separate Account's officers receives compensation from the Subaccounts. Board members received fees amounting to \$12,000 during six months ended June 30, 2022 from ULICO.

During the period ended June 30, 2022, the Subaccounts incurred no brokerage commissions on security transactions.

## 6. PURCHASES AND SALES OF SECURITIES

For the six month period ended June 30, 2022, the cost of securities purchased and proceeds from securities sold are as follows:

<b>Subaccount</b>	<b>Purchases of Securities</b>	<b>Sales of Securities</b>
Universal VIA Conservative Allocation	\$ 2,156,105	\$ 7,074,010
Universal VIA Moderate Allocation	12,433,720	20,660,109
Universal VIA Moderate Growth Allocation	2,114,353	3,465,318
Universal VIA Growth Allocation	1,486,363	839,264
Universal VIA International Moderate Growth Allocation	265,649	381,104
Universal VIA Money Market	2,383,432	2,530,359

## **7. INCOME TAXES**

The operations of the Separate Account form a part of, and are taxed with, the operations of ULICO, a wholly-owned subsidiary of Universal Insurance Company ("UNICO"), which is a wholly-owned subsidiary of UNIGR. ULICO does not expect, based upon current tax law, to incur any income tax upon the earnings or realized capital gains attributable to the Separate Account. Because of such situation, no charges are currently being deducted from the Separate Account for federal and Puerto Rico income tax purposes. The Subaccounts recognize uncertain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities.

Pursuant to Section 1023.01 of the Puerto Rico Internal Revenue Code of 2011, as amended, a special tax equal to 0.10% of the total asset value of the Separate Account as of December 31 of each calendar year is reported and fully paid by the life insurance company. This special tax is payable to the Puerto Rico Treasury Department. There is no amounts due related to Special tax payable as of June 30, 2022.

## **8. SUBSEQUENT EVENT**

The Company has evaluated all subsequent events through August 18, 2022, the date the financial statements were issued. No other events have occurred subsequent to June 30, 2022 that would require disclosure in the financial statements.

## Management of the Trust

### Board Members and Officers

The members of the Board ("Board Members") and executive officers of the Trust are listed below. The Board of Directors was created on the effective date of the Separate Account registration with the SEC on May 2021.

"Interested Board Member" means a board member who may be deemed an "interested person" (as that term is defined in the 1940 Act) of the Trust because of his current or former service with UNIGR or an affiliate of UNIGR. Interested Board Members may also be referred to herein as "Interested Trustees." "Independent Board Member" means a Board Member who is not an "interested person" (as defined under the 1940 Act) of the Trust and may also be referred to herein as an "Independent Trustee."

The Board governs each fund and is responsible for protecting the interests of the shareholders. The Board Members are experienced executives who meet periodically throughout the year to oversee the business affairs of each fund and the operation of each fund by its officers. The Board also reviews the management of each fund's assets by the investment manager and its respective sub-adviser.

The mailing address of each member of the Board is c/o Universal Life Insurance Company, PO Box 2171, San Juan, PR 00922 – 2171.

Further information about the Fund's Board Members and Officers is available in the Fund's Statement of Additional Information, which can be obtained without charge by calling 1-787-706-7337.

The Board Members, their positions with the Trust, and their principal occupations, the number of funds the Board oversees, and other board memberships they hold are set forth in the table below. The length of time served is provided from the date a Board Member became a member of the Board.
